Brand new cash dispenser Monimax 5600ST

“Outstanding Returns with your ATM”

Absolute Reliability. The Monimax 5600ST is designed to provide second to none reliability in the market with the highest uptime (99.7% or higher) and optimized dispensing performance. It is equipped with the most reliable components including a higher capacity Cash Dispenser Unit, faster dispensing technology and robust system design and configuration against vandalism. The best in class dispensing technology of the Monimax 5600ST guarantees maximum availability and security.

Maximum Efficiency. The Monimax 5600ST is designed to maximize the efficiency of installation and operation with minimum maintenance needs. The remarkable compact footprint allows for simple manufacturing process, logistics, installation and maintenance with the smallest service clearance requirement. It is also an energy efficient solution with low energy LED lighting, low power consumption, less cabling and consumable usage. Monimax 5600ST enables you to reduce the total cost of ownership and environmental impact.

Ultimate Usability. Monimax 5600ST is intuitively designed to provide a seamless self-service experience for customers. The modern and sleek design with 15" touch screen attracts more customers and drives more interactions. It offers value added functionalities featuring bill payment, funds transfer, mobile top-up in a highly user friendly interface as well as mobile-enabled cash transaction via contactless card reader for maximum convenience and easy transition.

Also available on lobby version (Monimax 5600S)
