

MONIMAX™ 8600ST

Value delivered

Brand new cash dispenser Monimax 8600ST

Makes a “real” difference in your Total Cost of Ownership

OPTIMAL-to-install Solution. Monimax 8600ST is designed to maximize flexibility that supports its deployment in a variety of strategic locations. Due to its compact footprint, it fits to diverse environments and is perfectly substitutive to legacy cash dispensers. Moreover, the slim and sleek design of Monimax 8600ST enhances the space efficiency of the branch.

EFFICIENT-to-operate Solution. Monimax 8600ST is engineered with reliability that proves highest availability and its optimal performance. Monimax 8600ST is powered by the latest cash recycling technology as well as improved fraud prevention technology. Furthermore, Monimax 8600ST helps financial institutions to increase the benefits of cash optimization in branch. The transit cassette available in the unit can offload and replenish the machine without exposing cash from the safe that improves efficiency and enhances security.

EASY-to-maintain Solution. Monimax 8600ST is configured for greater serviceability that reduces service frequency and lowers maintenance costs. Monimax 8600ST offers better visibility and accessibility to units that make repair services easy and quick. Paired with Hyosung TNS monitoring software 'Monimanager', financial institutions enable to do more efficient preventive maintenance on their ATMs.

GREAT Value-added Solution. With 19" touch screen, the modern and sleek design of Monimax 8600ST allows more intuitive user interface and effective marketing. Monimax 8600ST presents great usability that fulfills transaction with ease and convenience by leveraging the latest technology such as contactless, biometric, mobile-payment, and so on. In addition, the Monimax 8600ST green technology provides more value to customers and drives down costs.

Also available on lobby version (Monimax 8600S)

Hyosung is dedicated to making technology work for the humans who use it. We provide solutions that simply work better and more intuitively. Every ATM product, service and support system is engineered to be reliable and flexible. We listen to our customers and constantly improve our offerings to reflect their input. We bring that innovation to banking. It is this commitment to Human Technology that has made us a dependable partner and global leader in the ever-changing world of banking.
